# NUTRASCENCES

## About Troikaa

Troikaa is one of the leading Indian pharmaceutical companies. Driven by the passion of our multicultural work force comprising more than 50 nationalities, we are aggressively pursuing our mission of providing healing touch to the patients with innovative products in more than 70 countries across the globe.

## Innovation - Our identity

At Troikaa, our core philosophy is '*Imagine and Innovate*' and as a result of that, with the help of state of the art R&D facility, we have developed several Novel Drug Delivery Formulations that are distinctly superior to the conventional versions and are commercially successful by securing a dominant position in the markets where we operate. Each of these formulations are backed by appropriate clinical trials. Relentless R&D efforts have resulted in generation of intellectual property which are protected by global patents.

## Manufacturing Capabilities

Troikaa has 3 state-of-the-art manufacturing facilities accredited with PIC/s approved GMP, ANVISA and INVIMA amongst others.

## **Troikaa - A Reliable Partner for Nutraceutical Business**

We have an expertise in F&D and manufacturing nutraceuticals, health supplements and herbal formulations in the form of coated and uncoated tablet, hard gelatin capsule, LiquiCaps, softgel, ointment, gel, lotion, solution & spray. Our wide range of proprietary nutraceutical formulations consist of Heart Health, Diabetes Health, Bone and Joint Health, Brain Health, Eye Care, Immune Health, Men's Health, Women's Health, Kids' Health, Weight Management, Multivitamins and Antioxidants.

## **Quality Assurance**

We follow Good Laboratory Practices and our Quality Management Systems are certified by KVQA to follow ISO 9001-2008. Our stringent in-house quality checks ensure that the extracts we use in our formulations match the EU norms. Several of our formulations have EU marketability certificate availed from an independent EU accredited laboratory. We can also obtain Batch to Batch Quality Assurance certificate for our formulations.

## **Certifications**

We can offer HALAL, ORGANIC, NON-GMO, TSE/BSE & HACCP certificates for our formulations.

## **Area of Interest**

- Marketing and distribution of our proprietary formulations
- Contract manufacturing of finished formulations/private labelling
- Customized formulation development

**QPF**  Quick Penetrating Formula

Quick Penetrating Formula ( QPF ) enables an effective delivery of active ingredient through the protective layer of skin; “stratum corneum”. It is a patented platform which provides quick and comprehensive penetration of the active ingredient through the stratum corneum. QPF platform ensures several times higher penetration of active ingredient compared to conventional formulations. Enhanced transdermal penetration is backed by in-vitro studies approved by various regulatory authorities.

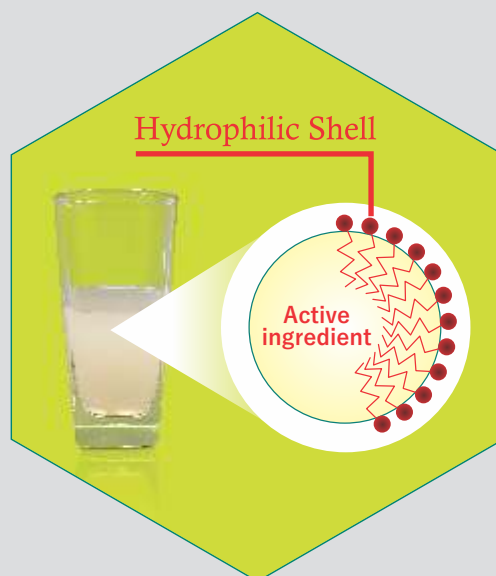

## S.B.N Technology

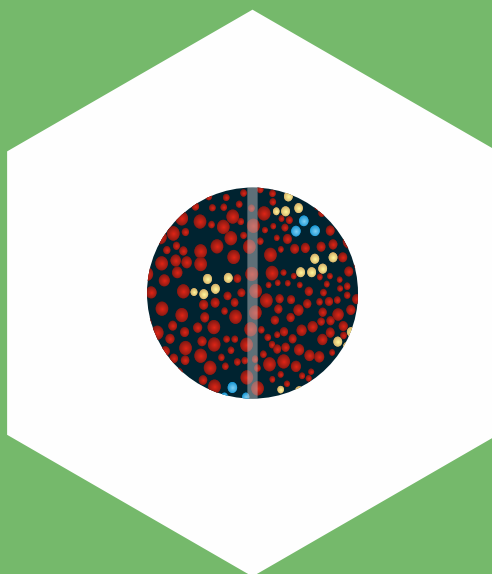

Supra Bio-available Nutrients (SBN) technology ensures formation of fine & relatively stable oil-in-water (o/w) emulsion upon aqueous dilution owing to gentle agitation of the gastrointestinal fluids. When such a formulation is released into the lumen of the gut, it disperses to form a fine emulsion, so that the lipid soluble nutrient remains in solution in the gut & thereby offering very high surface area for absorption. This helps quick absorption of the nutrient and improves bioavailability of nutrients having lipidic nature.

In Sustained Release (SR) formulations, variation of release of nutrients from one tablet\* to another compromises the desired outcome. Troikaa has developed a unique Matrix technology that ensures minimum nutrient release variation from one tablet\* to another by facilitating release of small amount of nutrient in a controlled manner over an extended period of time. Thus, tablets manufactured with the Matrix technology provide effective & desired outcomes.

\*Data on file

## LiquiCaps

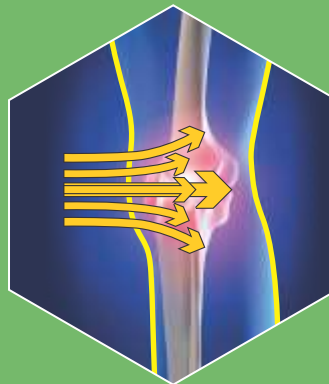

LiquiCap is a revolution in encapsulation technology where in liquid nutrient is filled in 2-piece hard capsule & sealed with a unique band. Moreover, nitrogen bubble in the Liquicap keeps active ingredient fresh and intact during its shelf life. Liquicap offers significant advantages over conventional softgels as mentioned below.

Parameters	LiquiCaps 	Soft-gelatin Capsule 
Disintegration Time	<b>1-2 minutes</b> only Faster absorption & Better bioavailability	<b>15 minutes</b> Delayed absorption & Poor bioavailability
Microbial Burden	Microbial burden in gelatin shell is <b>minimal</b> 	Microbial burden in gelatin shell is in <b>abundance</b> 
Unique Identity	 <b>Unique band to prevent imitation</b>	Sealed without band Imitation possible

# Soy Phosphatidyl Choline Gel

## About:

Quick Penetrating Formula ( QPF ) of Soy Phosphatidyl Choline Gel delivers key ingredients at the site of action i.e. Joints. Thus, it helps replenish the depleted lubricants in the joints, resulting in proven pain relief and improved joint functions associated with osteoarthritis.

**QPF** 

## Composition :

Soy Phosphatidyl Choline Gel 6% w/w

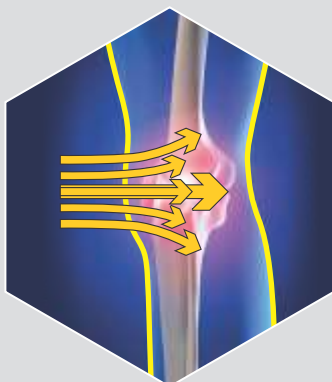

## Direction for Use:

Apply three to four times a day around the joints

# Boswellia Gel

## About:

Boswellia Gel contains boswellia serrata extract, capsaicin and menthol which provide anti-inflammatory and analgesic effect in osteoarthritis. With Quick Penetrating Formula (QPF), Boswellia Gel delivers active ingredients deep into the joints. Thus, Boswellia Gel helps improve joint flexibility and regain physical functions.

**QPF** 

## Composition :

Boswellia Serrata Extract	10% w/w
Capsaicin	0.075% w/w
Menthol	5% w/w
Gel base qs	

## Direction for Use:

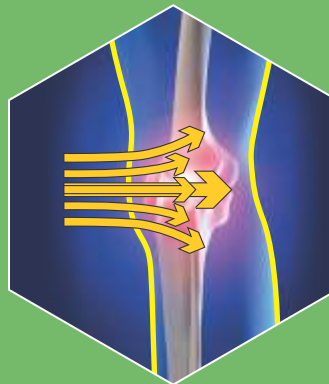

Apply three to four times a day around the joints

# Glucosamine Gel

## About:

Quick Penetrating Formula ( QPF ) of Glucosamine Gel offers higher amount of Glucosamine at the site of action. Thus, it ensures superior efficacy to support cartilage health and normal joint functions in the patients suffering from osteoarthritis.

**QPF** 

## Composition :

N-Acetyl Glucosamine equivalent to Glucosamine 10% w/w

## Direction for Use:

Apply three to four times a day around the joints

# Cartilamine / SR

## About:

Cartilamine is a premium quality glucosamine formulation. Glucosamine is a nutritional building block that supports healthy joints and stimulates the production of cartilage. The beneficiary effects of glucosamine supplementation in Osteoarthritis patients are proven by various clinical studies.

Cartilamine SR is a sustained release glucosamine formulation that is manufactured by Matrix technology. Due to Matrix technology, Cartilamine SR delivers a steady amount of glucosamine in the bloodstream over the course of day. Moreover, Matrix technology in Cartilamine SR also ensures minimum batch to batch variability that will lead to controlled & predictable release of glucosamine.

## Composition :

### Cartilamine

#### Each tablet Contains :

Glucosamine sulphate potassium chloride 500 mg

### Cartilamine SR

#### Each tablet Contains :

Glucosamine sulphate potassium chloride 750 mg

## Direction for Use:

One tablet twice daily

# Cartilamine Plus / Flexiplus

## About:

Cartilamine Plus & Flexiplus are effective combinations of three vital joint health supplements that support mobility and comfort. Both these formulations improve quality of life as they decrease pain & improve physical activities of the daily living. These well designed combination of all three ingredients in Cartilamine Plus & Flexiplus are found to be more effective than individual ingredients in the management of osteoarthritis.

## Composition : Cartilamine Plus

### Each tablet Contains :

Glucosamine Sulphate	500mg
Chondroitin Sulphate Sodium	250mg
Methyl Sulphonyl Methane	200mg

## Cartilamine Flexiplus

### Each tablet Contains :

Glucosamine Hydrochloride	500mg
Chondroitin Sulphate Sodium	400mg
Methyl Sulphonyl Methane	200mg

## Direction for Use:

One tablet twice daily

# Cartilamine CB

## About:

Cartilamine CB is a well designed combination to improve overall joint health. It is an effective combination of three vital joint health supplements that supports mobility and comfort. It also improves quality of life in patients with osteoarthritis as it decreases pain and improves physical activities of daily living.

## Composition :

### Each tablet Contains :

Glucosamine sulphate	750 mg
Curcumin	100 mg
Boswellic acid	100 mg

## Direction for Use:

One tablet twice daily

# Flexicart 500/750

## About:

Felxicart is a comprehensive nutritional supplement that helps maintain healthy & flexible joints. Each nutritional supplement in Flexicart is supported with clinical evidences in improving joint health.

## Flexicart 500 :

### Each tablet Contains :

Glucosamine Sulphate Potassium Chloride	500 mg
Chondroitin Sulfate	400 mg
Vitamin C (As Ascorbic Acid)	40 mg
Manganese (As Manganese Sulphate)	1 mg

## Flexicart 750 :

### Each tablet Contains :

Glucosamine Sulphate Potassium Chloride	750 mg
Chondroitin Sulfate	250 mg
Vitamin C (As Ascorbic Acid)	30 mg
Manganese (As Manganese Sulphate)	1 mg

## Direction for Use:

One tablet once daily

# Methyl Sulphonyl Methane

## About:

Methyl Sulphonyl Methane (MSM) is a premium quality supplement for joint health. MSM is found to be useful in decreasing pain, improving functional ability, improving joint mobility and is well tolerated in patients with osteoarthritis.

## Composition :

### Each tablet Contains :

Methyl Sulphonyl Methane 1000mg

## Direction for Use:

One tablet once daily

# MSM & Calcium

## About:

Nutritional supplementation is an important modifiable factor in the development and maintenance of bone mass and the prevention of diseases. MSM & calcium tablet is a well designed nutritional supplement that provides synergistic action to prevent bone loss and helps in nourishing & regenerating cartilage.

## Composition :

### Each tablet Contains :

Calcium Citrate	350 mg
Methyl Sulphonyl Methane	100 mg

## Direction for Use:

One tablet twice daily

# Calcitroy D3

## About:

Calcitroy D3 contains “*Natural Source Organic Calcium*” derived from Oyster shell. Calcitroy D3 is also fortified with Vit D3 which exerts complimentary action with Calcium by facilitating its absorption. Calcitroy D3 is important for normal growth and development of bones as well as improved resistance against certain diseases.

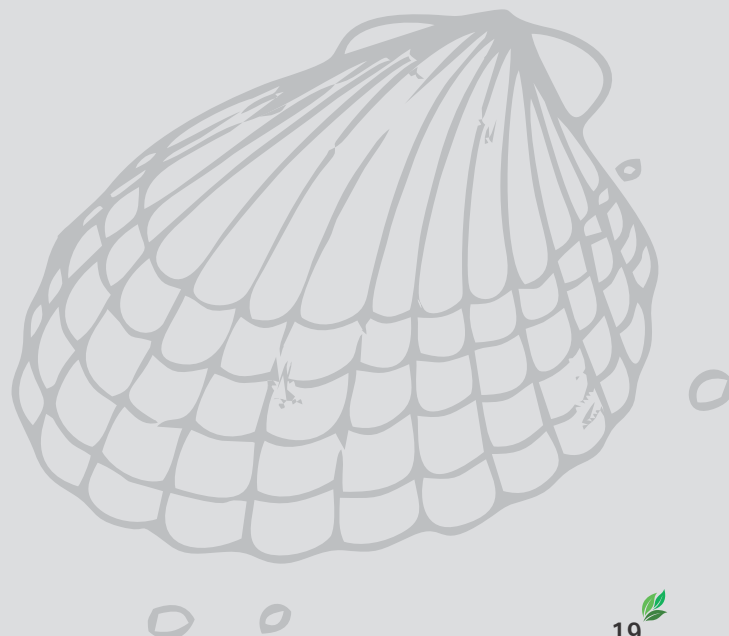

## Composition :

### Each tablet Contains :

Calcium Carbonate (Oyster Shells)	620 mg
Cholecalciferol	5 mcg

## Direction for Use:

One tablet once daily

# Calcitroy MZ

## About:

Calcitroy MZ is a well designed formulation that provides synergistic action to maintain normal bones. It has been proven that proper nutritional supplementation is an important modifiable factor in the development and maintenance of bone mass and prevention of bone diseases.

## Composition :

### Each tablet Contains :

Calcium (as Calcium Carbonate)	333 mg
Magnesium (As Heavy Magnesium Oxide)	133 mg
Zinc (As Zinc Oxide)	0.5 mg

## Direction for Use:

One tablet once daily

# Calcitroy Forte

## About:

Calcitroy Forte tablet is a combination that provides synergistic action to maintain normal bone health. It has been proven that proper nutritional supplementation is an important modifiable factor in the development and maintenance of bone mass.

## Composition :

### Each tablet Contains :

Vitamin D (As cholecalciferol)	134 IU
Calcium (As calcium Carbonate)	334mg
Magnesium (As magnesium oxide)	67mg
Zinc (As zinc oxide)	2.5mg
Copper (As cupric sulfate)	0.33mg
Manganese (As manganese sulphate monohydrate)	0.33mg
Boron (As Boron proteinate)	167mcg

## Direction for Use:

One tablet once daily

# Bone Health

## About:

Bone health tablet is a comprehensive formula that maintains normal bone health. It is rich in calcium & phosphorous that comprises of 80-90% of bone mineral content. Other micronutrients in Bone Health tablet also help in maintaining normal bone health by preventing bone loss & increasing bone mineral density .

## Composition :

### Each tablet Contains :

Calcium (As calcium Carbonate)	250 mg
Magnesium (As magnesium oxide)	60 mg
Phosphorous (As sodium phosphate, monobasic)	100 mg
Vitamin D	1 mcg
Vitamin K	12 mcg
Zinc	2 mg

## Direction for Use:

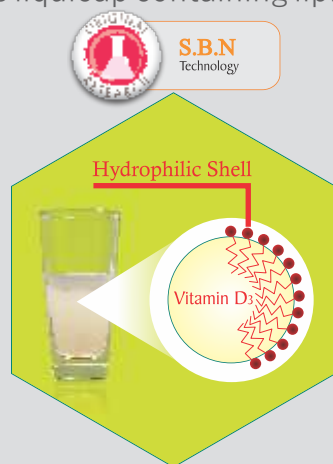

One tablet once daily

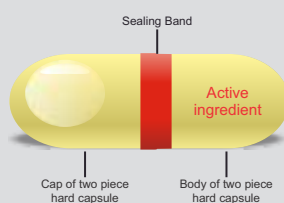

# Liqui D3

## About:

Liqui D3 is a unique Vitamin D3 formulation that is formulated with Supra Bio-available Nutrients (SBN) technology which ensures quick absorption and enhanced bioavailability of Vit D3 even when it is taken empty stomach. Due to SBN technology, Vit D3 gets converted into micronized globules with hydrophilic shell, improving its solubility and bioavailability. Liqui D3 is available as liquicap containing lipid dissolved Vitamin D3.

## Available in unique liquicaps

## Composition :

### Each liquicap Contains :

Cholecalciferol 200 IU

## Direction for Use:

One liquicap once daily

# Vitamax

## About:

Vitamax is a daily health supplement with a combination of vitamins, minerals and antioxidants in appropriate concentrations. Vitamins, minerals and antioxidants help in keeping oneself physically active & mentally relaxed throughout the day.

## Composition :

### Each tablet Contains :

#### Vitamins :

Vitamin A (As beta carotene)	2500 IU
Vitamin C (As ascorbic acid)	40 mg
Vitamin D (As cholecalciferol)	240 IU
Vitamin E (As DL alpha tocopheryl acetate)	13 IU
Vitamin K (As phytomenadione)	55 mcg
Thiamin (As thiamin mononitrate)	1.4 mg
Riboflavin	1.3 mg
Niacin (As Nicotinamide)	18 mg
Vitamin B6 (As pyridoxine hydrochloride)	2 mg
Folic acid	100 mcg
Vitamin B12 (As cyanocobalamin)	9 mcg
Biotin	30 mcg
Pantothenic acid (As D pantothenate, calcium)	2 mg

#### Minerals :

Calcium (As calcium carbonate)	200 mg
Iron (As ferrous fumarate)	6 mg
Phosphorous (As potassium phosphate, monobasic)	45 mg
Iodine (As potassium iodide)	130 mcg
Magnesium (As magnesium oxide)	100 mcg
Zinc (As zinc oxide)	9.5 mg
Selenium (As sodium selenite)	55 mcg
Copper (As cupric sulphate)	1.1 mg
Manganese (As manganese sulphate)	2 mg
Chromium (As chromium chloride)	33 mcg
Molybdenum (As Sodium Molybdate)	50 mcg

## Direction for Use:

One tablet once daily

# Recharje Plus

## About:

Recharje Plus is a unique formulation enriched with vitamins, minerals, trace elements, antioxidants & Co-enzyme Q10. It not only energizes the patient suffering from Chronic Fatigue Syndrome but also provides additional benefits in diabetes and heart diseases.

## Composition :

### Each capsule Contains :

Nicotinamide	26 mg
Folic Acid	300 mg
Vitamin B12 (As cyanocobalamin)	1 mcg
Vitamin B6	1.5 mg
Ubidecarenone BP [Coenzyme Q10]	10 mg
Copper Sulphate Pentahydrate	8 mg
Manganese (As manganese sulphate)	2.8 mg
Zinc Sulphate (Heptahydrate)	2.2 mg
Selenium Dioxide eq. to Selenium	60 mg
Potassium Iodide eq. to Iodine	150 mcg
Molybdenum (As Sodium Molybdate)	25 mcg
Nickel Sulphate eq. to Nickel	5 mg
Colloidal silicon dioxide (Anhydrous silica) eq. to Silicon	2 mg
Sodium Metavanadate eq. to Vanadium	10 mcg
Sodium Borate eq. to Boron	150 mcg
Chromium Polynicotinate equivalent to Chromium	50 mcg

## Direction for Use:

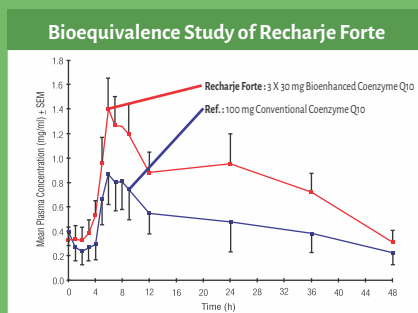

One capsule once daily

# Recharje Forte

## About:

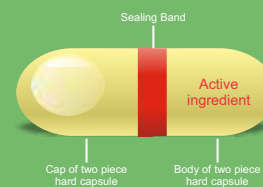

Recharje Forte is an advanced Coenzyme Q10 (CoQ10) formulation manufactured with unique SBN Technology that offers supra bioavailability as compared to conventional CoQ10 capsules. CoQ10 has poor solubility and bioavailability. SBN Technology enables oily active ingredient to get converted into micronized droplets and making it water miscible which leads to enhanced absorption and bioavailability. The supra bioavailability of Recharje Forte is authenticated by bioequivalence studies.

**Composition :**  
**Each liqicap Contains :**  
 Coenzyme Q 10 30 mg

**Direction for Use:**  
 One liqicap twice daily

Available in unique liqicaps

# Sitrus SR

## About:

Absorption of Vitamin C formulation is inversely proportional to the dose administered. Citrus SR, manufactured with Matrix Technology, releases less than 20 mg aliquots of Vitamin C in every 15 minutes thereby ensures enhanced absorption and optimum bio-availability of Vitamin C. Moreover, Citrus SR is a unique triple combination of Vitamin C, Selenium and Zinc which exhibits synergistic action to help improve immunity.

**MATRIX**  
TECHNOLOGY

## Composition :

### Each tablet Contains :

Vitamin C (As ascorbic acid)	500 mg
Zinc (As zinc citrate anhydrous)	2.2 mg
Selenium (As Sodium Selenite)	60 mcg

## Direction for Use:

One tablet once daily

# Antioxidants

## About:

Antioxidants tablet is a powerful antioxidant formula for normal well being and cardiovascular health. Each ingredient in Antioxidants tablet is well supported by scientific studies.

## Composition :

### Each tablet Contains :

Curcumin 95%	100 mg
Grape seed Extract 95%	100 mg
Green Tea Ext 90%	50 mg
Coenzyme Q10	10 mg

## Direction for Use:

One tablet twice daily

# Antioxidant Plus

## About:

Antioxidant Plus tablet contributes to overall vitality by reducing oxidative stress and boosting immunity.

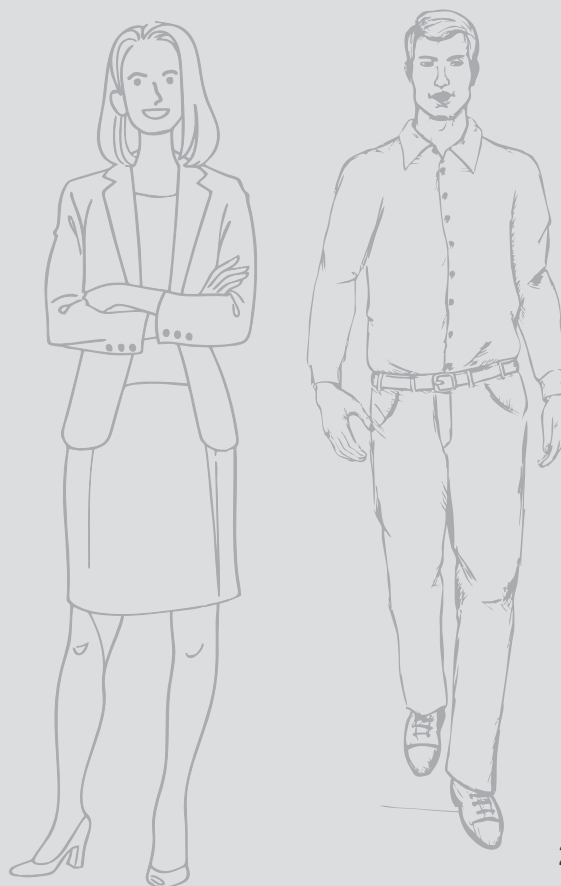

## Composition :

### Each tablet Contains :

Selenium (As Sodium selenite)	25 mcg
Vitamin C (As Ascorbic Acid)	30 mg
Vitamin E (As DL-Alpha-Tocopheryl Acetate)	2.5 mg
Zinc (As Zinc Oxide)	4 mg

## Direction for Use:

One tablet twice daily

# Curcuminoids 50/400

## About:

Curcuminoids are poorly absorbed from the GI tract yielding low bioavailability. Troikaa's formulation of curcuminoids is a unique formulation containing solubilised curcuminoids. This formulation gets converted into stable oil-in-water emulsion in GI tract; thereby ensures quick absorption and enhanced bio-availability.

### Curcuminoids 50 :

#### Each soft-gel Contains :

Curcuminoids 50 mg

### Curcuminoids 400 :

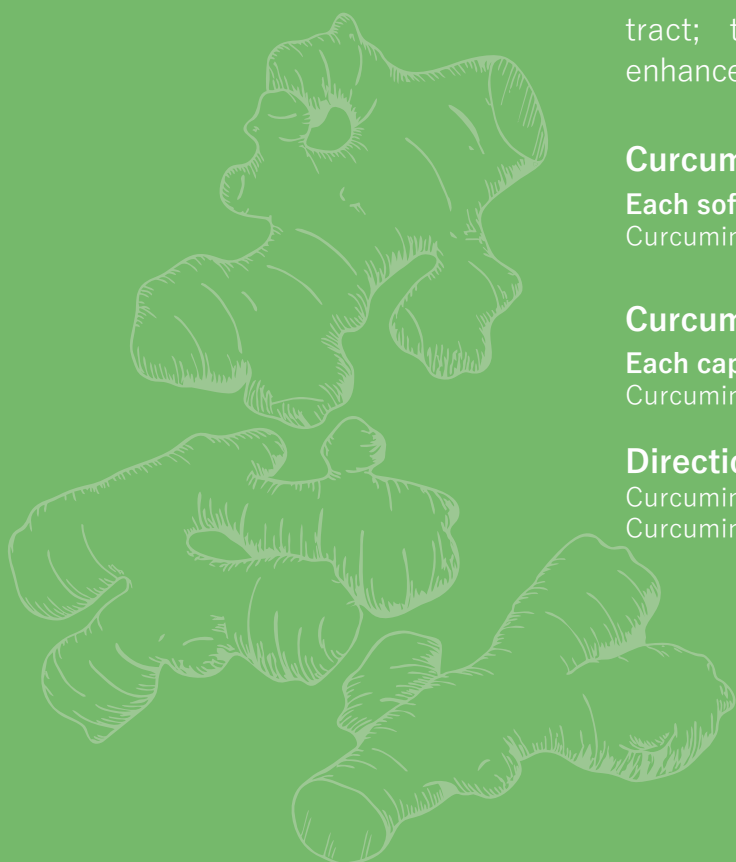

#### Each capsule Contains :

Curcuminoids 400 mg

### Direction for Use:

Curcuminoids 50 : One soft gel thrice daily

Curcuminoids 400 : One capsule daily

# Curcumin Tablet

## About:

Curcumin tablet is specially designed for individuals who want powerful action with enhanced bioavailable curcumin. The addition of piperine in Curcumin tablet influences the pharmacokinetic profile of Curcumin & enhances its bioavailability and action.

## Composition :

### Each tablet Contains :

Curcuma longa (Curcumin rhizomes) powder	500 mg
Piper nigrum (Piperine)	5 mg

## Direction for Use:

One tablet twice daily

# Lycogen Plus

## About:

Lycogen Plus provides advanced nutritional support for all-round health and vitality. It also helps in normal functions of immune system.

## Composition :

### Each capsule Contains :

Lycopene 6% Powder	5 mg
Vitamin A (As beta carotene)	2500 IU (1500mcg)
Alpha-tocopherol Acetate	10 IU
Vitamin C	40 mg
Zinc Oxide	27.45 mcg
Sodium Selenite eq to selenium	40 mcg

### Direction for Use:

One capsule once daily

# Magnatroy

## About:

Magnesium is an essential body electrolyte. It is a co-factor in a number of enzyme systems & is involved in neurochemical transmission & muscular excitability. Supplements containing magnesium have a central role in human metabolism. Magnesium glycerophosphate is a well-known substance, and its use as a magnesium supplement is well established, supported by safety and efficacy studies. Thus, it is a viable option to use magnesium glycerophosphate to supplement magnesium when the level of magnesium in the body is low

## Composition :

### Each chewable tablet / hard gelatine capsule Contains :

Magnesium glycerophosphate 97.2 mg

### Each hard gelatine capsule Contains :

Magnesium glycerophosphate 48.6 mg

## Direction for Use:

Two tablets / capsules thrice a day with food

# N-Acetroy

## About:

N-ACETYL-L-CYSTEINE, commonly abbreviated to NAC, is a powerful antioxidant amino acid and a precursor in the body to the critical antioxidant Glutathione (GSH). One of NAC's most important role involves maintaining cellular GSH levels and minimising the damaging effect of reactive oxygen species (ROS). As oxidative stress is involved in the pathophysiology of numerous disease states, NAC supplementation may play a key role in both prevention and treatment of these conditions.

## Composition :

### Each tablet / capsule Contains :

N-Acetyl L-Cysteine 600 mg

## Direction for Use:

One tablet / capsule per day with food

# Beetroot Extract

## About:

Beetroot extract is a unique ingredient providing the highest concentration of all-natural nitrates purely derived from Beetroot. Beetroot chewable tablets have been manufactured using a proprietary process to obtain a high potency extract with minimal oxalate content when compared to the other products. Beetroot extract helps support heart health and improve stamina & endurance.

## Composition :

### Each tablet Contains :

Beetroot extract 1.0 gm

## Direction for Use:

One chewable tablet once daily

# Pyritroy Tablet

## About:

Pyritroy Tablet contains vitamin B6, a water-soluble vitamin that includes pyridoxine (PN), pyridoxal (PL), and pyridoxamine (PM), and their respective phosphorylated forms, pyridoxine 5'-phosphate (PNP), pyridoxal 5'-phosphate (PLP) and pyridoxamine 5'-phosphate (PMP). The metabolically active forms, PLP and PMP, act as co-factors of enzymes involved in amino acid metabolism, one-carbon reactions, glycogenolysis and gluconeogenesis, haem synthesis, niacin formation, and also in lipid metabolism, neurotransmitter synthesis and hormone action. Considering the essentiality of vitamin B6 in metabolic pathways involving protein and its constituent amino acids, vitamin B6 status in each of us is important in health effects all the way from our childhood physical growth to our lifelong health and mental acuity.

## Composition :

### Each uncoated tablet Contains :

Pyridoxine Hydrochloride 10 mg

## Direction for Use:

One tablet thrice daily

# Magnesium Citrate

## About:

Magnesium is a mineral that is critical for energy production and metabolism, muscle contraction, nerve impulse transmission, and bone mineralization. It is a required cofactor for an estimated 300 enzymes. Among the reactions catalyzed by these enzymes are fatty acid synthesis, protein synthesis, and glucose metabolism. Magnesium status is also important for regulation of calcium balance through its effects on the parathyroid gland.

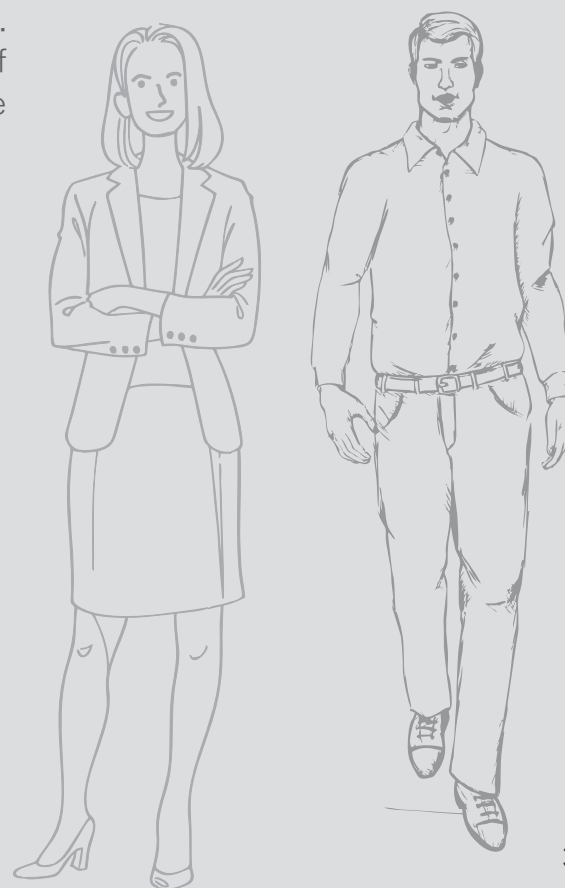

## Composition :

### Each tablet Contains :

Magnesium (as magnesium citrate) 200 mg

### Direction for Use:

One tablet twice daily with meal

# Biotroy

## About:

Biotin, also known as vitamin H or B7, is a water-soluble vitamin that helps the body metabolize fats, carbohydrates, and protein. Water-soluble vitamins are not stored in the body so daily intake is necessary. Biotin contributes to normal functioning of nervous system and maintenance of normal hair and skin. It improves and enhances hair and skin health.

## Composition :

### Each tablet Contains :

Biotin 5 mg

## Direction for Use:

One tablet once daily

# Magnesium L-Lactate

## About:

Magnesium L- Lactate is a premium quality formulation. Magnesium is the second most abundant intracellular divalent cation and is a cofactor for more than 300 metabolic reactions in the body. These processes include protein synthesis, cellular energy production and storage, cell growth and reproduction, DNA and RNA synthesis and stabilization of mitochondrial membranes. Magnesium is one of the minerals responsible for managing bone metabolism, nerve transmission, cardiac excitability, neuromuscular conduction, muscular contraction, vasomotor tone and blood pressure. Magnesium also plays a significant role in glucose and insulin metabolism.

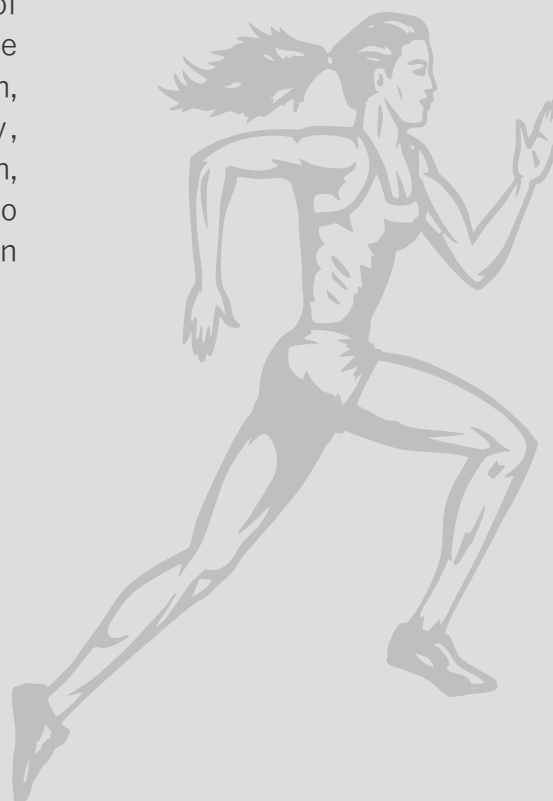

## Composition :

### Each tablet Contains :

Magnesium L- lactate            84 mg sustained release

## Direction for Use:

1 to 2 tablets every 12 hours

# Eve Care

## About:

Evecare is a daily supplementation for the women above 40 years of age. It is a perfect blend of nutrients supporting overall well-being of women undergoing changes due to aging. Each ingredient in Evecare tablet is backed by various scientific studies.

## Composition :

### Each tablet Contains :

Calcium Carbonate	500 mg
Green Tea extract 90%	100 mg
Lycopene 6% Powder	8 mg
Coenzyme Q 10	30 mg
Soy Extract 40%	50 mg
Vitamin C	40 mg

## Direction for Use:

One tablet once daily

# Vitafem

## About:

Vitafem has been formulated for the demands of modern life and to give support to the areas of health which are of most relevance to women. Vitafem contains a wide range of vitamins, minerals, antioxidants & other ingredients for women's health.

## Composition :

### Each tablet Contains :

#### Vitamins :

Vitamin A	3500 IU	Niacin	14 mg
Vitamin C	40 mg	Vitamin B6	2 mg
Vitamin D	400 IU	Vitamin B12	1 mcg
Vitamin E	10 mg	Folic acid	100 mcg
Vitamin K	50 mcg	Biotin	30 mcg
Thiamine	1.1 mg	Pantothenic acid	5 mg
Riboflavin	1.1 mg		

#### Minerals :

Calcium	250 mg	Copper	0.5 mg
Iron	17 mg	Manganese	1.8 mg
Phosphorous	20 mg	Chromium	32 mcg
Iodine	150 mcg	Molybdenum	45 mcg
Magnesium	100 mg	Chloride	72 mg
Zinc	8 mg	Potassium	105 mg
Selenium	18 mcg		

## Direction for Use:

One tablet once daily

# Vitapreg

## About:

Vitapreg is a unique nutritional supplement that is specially designed to meet the increased nutritional requirement before, during & after pregnancy. Vitapreg helps female body prepare for pregnancy, nourishes & protects pregnant women & provides the boost she needs during lactation. It contains 13 essential vitamins & minerals for healthy pregnancy & healthy baby.

## Composition :

### Each tablet Contains:

Vitamin A (As Beta Carotene)	4000 IU
Vitamin C (As Ascorbic Acid)	40 mg
Vitamin D3 (As stabilized Vitamin D3)	400 IU
Vitamin E (As Dry Vitamin E-Acetate 50% DC)	10 IU
Thiamine (As Thiamine mononitrate)	1.4 mg
Riboflavin (Vitamin B2)	1.6 mg
Niacin (Niacinamide)	18 mg
Vitamin B6 (As Pyridoxine Hydrochloride)	2 mg
Folic Acid	100 mcg
Vitamin B12 (As Cyanocobalamin 0.1% in Gelatin)	1 mcg
Calcium (As calcium carbonate)	200 mg
Iron (As Ferrous Fumarate)	17 mg
Zinc (As zinc oxide)	12 mg

## Direction for Use:

One tablet daily after meal

# Phytogen

## About:

Phytogen is a natural remedy for menopausal wellbeing which contains all decisive isoflavones – genistein, daidzein and glycitein. With Phytogen, every woman now has a new hope of staying their womanly selves longer, happier and a lot healthier. It is an ideal product for women undergoing changes in their journey through womanhood especially during the perimenopausal phase.

## Composition :

### Each tablet Contains :

Soya Extract 100 mg

## Direction for Use:

One tablet twice daily

# Menopause Care

---

## About:

Thousands of women enter the menopause every year and optimal nutrition is important during & after the menopause. Menopause Care's tried and tested ingredients provide nutritional support during this time of change.

## Composition :

### Each capsule Contains :

Red Clover Extract	10 mg
Soya Isoflavone 40%	30 mg
Calcium Citrate Maleate	250 mg
Vitamin D 3	200 IU

## Direction for Use:

One capsule once daily

# Vitakids

## About:

During the first 12 years of life, kids grow rapidly. Continuous development of bones, muscles and brain demands high nutritional requirement compared to kids' body size. Meeting those nutritional requirements can be a challenge as it is common for kids to be fussy eaters. Vitakids helps safeguard kids' nutritional intake as part of a balanced diet.

## Composition :

### Each tablet Contains :

#### Vitamins :

Vitamin A	2000 IU
Vitamin C	30 mg
Vitamin D	200 IU
Vitamin E	10 IU
Vitamin B6	1 mg
Folic acid	70 mcg
Vitamin B12	1 mcg
Pantothenic acid	4 mg
Biotin	20 mcg

#### Minerals :

Iodine	30 mcg
Zinc	2.5 mg

## Direction for Use:

One tablet once daily

# Vitamen

## About:

Iodine	150 mcg	Molybdenum	45 mcg
Magnesium	100 mg	Chloride	72 mg
Zinc	11 mg	Potassium	105 mg
Selenium	40 mcg	Lycopene	600 mcg

## Direction for Use:

One tablet once daily

# Glycetroy

## About:

Glycetroy is a herbal food supplement for diabetic patients. Herbal food supplements in Glycetroy have been used for human consumption for centuries and their safety in humans have been well established. With good safety profile and convenience, these herbal supplements have increasingly become attractive additions to the regular pharmacological therapies in diabetic patients, especially for those with blood glucose levels not well controlled by the therapies alone. In addition, these herbal supplements are becoming more and more popular to manage hyperglycemia in pre-diabetic patients, especially for those with blood glucose levels on the borderline and where pharmacological therapies have not been initiated.

## Composition :

### Each tablet Contains :

Vitamin B12 also called cobalamin (Cbl), is a water-soluble vitamin that has a key role in; the development of red blood cells and normal functioning of the brain and nervous system. Vitamin B12 is involved in the metabolism of every cell of the human body, especially affecting DNA synthesis, fatty acid and amino acid metabolism.

## Composition :

### Each tablet Contains :

Methylcoblamin	1500 mcg
----------------	----------

## Direction for Use:

One tablet once daily

# Lutein + Zeaxanthin

## About:

Lutein and Zeaxanthin are powerful antioxidants belonging to the class of carotenoids called xanthophylls. They are the major constituents of macular pigment, a compound concentrated in the macula region of the retina that is responsible for fine-feature vision.

Lutein+ Zeaxanthin filter blue light and quench reactive oxygen species, thereby possibly protecting against light-induced oxidative damage, and thus reducing the probability of advanced age related macular disorder in patients with substantial risk factors for progression to severe visual loss, and they play an important role in the maintenance of the morphologic and functional integrity of the retina.

## Composition :

### Each tablet Contains :

Lutein	10 mg
Zeaxanthin	2 mg

### Direction for Use:

One tablet once daily

# Eye Care

## About:

Eye Care Capsule has been formulated by our expert team using the latest scientific research to maintain normal vision. Eye Care Capsule includes a carefully chosen range of micronutrients for supporting eye health.

## Composition :

### Each capsule Contains :

Zeaxanthin 5%	2 mg
Lutein 20%	10 mg
